To whom it may concern,

It is with great pleasure that I write this recommendation for Warren S. Friedman. I have known and worked with Warren for 2 years, and have been happy with his dedication and passion for the arts. He has directed several camps for ages 8 and 18 completing each one successfully.

Warren has always displayed the great qualities of responsibility, ambition and integrity. He is definitely a leader with a drive to have things done well. Warren understands the job that needs to be done and approaches it with enthusiasm. He relates well to the students, and encourages them to work hard to do their best.

I am sure that any performing arts company would benefit from the skills, dedication and delightful personality Warren could bring to their program.

Sincerely,
